# MEHULSINH CHAUHAN

Phone: +91 9558514990 | Jamnagar, Gujarat- 361005 | Email: <a href="mailto:mehulsinhchauhan5124@gmail.com">mehulsinhchauhan5124@gmail.com</a> | LinkedIn: linkedin.com/in/ mehulsinh-chauhan-a9228632a | GitHub: github.com/MehulChauhan-07

#### **CAREER SUMMARY**

"Software Developer with expertise in React.js, Next.js, and JavaScript. Passionate about building scalable and user-friendly applications, with a strong focus on frontend development, UI/UX design, and backend integration. Proficient in modern web technologies, database management, and software optimization, with a keen interest in exploring and adapting to new technologies."

(CGPA: 7.38)

#### **EDUCATION**

## Bachelor of Technology in Computer Engineering | Aug 2022- present

U.V. Patel Collage of Engineering , GANPAT UNIVERSITY,, Mehsana, Gujarat

Class XII | GSEB - HSE | Score: 52.2% | Year: 2022

Shri Brilliant Higher Secondary School, Jamnagar, Gujarat

Class X | GSEB – SSC | Score: 80% | Year: 2020

Shri Tapovan Vidhyalay Jamnagar, Gujarat

#### **TECHNICAL SKILLS**

Programming Language: JavaScript , Java , python

• Frameworks: React.js , Next.js , Spring Boot

• Database: MongoDB , SQL

Tools & Technologies: Git, GitHub, Docker

### **PROJECTS**

### ❖ Byte Forge | React.js, JavaScript, HTML, CSS

A Java learning platform designed for beginners with a built-in code editor, AI chatbot, and note-taking feature.

- Developed the **UI** with **React.js**, ensuring a **responsive and intuitive** experience.
- Integrated Monaco Editor for real-time Java coding with syntax highlighting.
- Created a note-taking feature and handled frontend API integration with the backend.
- Focused on mobile-friendly design and state management for dynamic content.

## Personal Portfolio Website | HTML, Tailwind CSS, JavaScript, Node.js, Express, SQL

A personal website showcasing my skills, projects, and experience, which I've been continuously improving.

- Built a responsive layout using Tailwind CSS for a clean and professional design.
- Developed a backend with Node.js and Express to manage user feedback submissions securely.
- Used an SQL database to store feedback, and integrated third-party APIs for additional functionality.
- Regularly updated the site with new features and optimizations.
- Focused on improving user engagement with better content presentation and performance.

#### **INTERESTS & HOBBIES**

- Competitive coding and problem-solving
- UI/UX design and web development
- Reading tech blogs and staying updated with industry trends
